## Model:

# TPP-AT-44D-2-HC

# **Food Prep Table:** Solid Drawers Pizza Prep Table with Alternate Top & Hydrocarbon Refrigerant

# STANDARD FEATURES

#### DESIGN

True's commitment to using the highest quality materials and oversized refrigeration systems provides the user with colder product temperatures, lower utility costs, exceptional food safety and the best value in today's food service marketplace.

### **REFRIGERATION SYSTEM**

- Factory engineered, self-contained, capillary tube system using environmentally friendly R290 hydrocarbon refrigerant that has zero (0) ozone depletion potential (ODP), & three (3) global warming potential (GWP).
- High capacity, factory balanced refrigeration system with guided airflow to provide uniform temperature in food pan rail and cabinet interior.
- Forced-air design holds 33°F to 41°F (.5°C to 5°C) product temperature in food pans and cabinet interior. Complies with ANSI/NSF-7.
- Condensing unit accessed from behind front removable panel, slides out for easy maintenance.

### CABINET CONSTRUCTION

- All stainless steel front, top and ends. Corrosion resistant GalFan coated steel back.
- Stainless steel, patented, foam insulated flat lids keep pan temperatures colder, lock in freshness, and minimize condensation.
- Interior attractive, NSF approved, clear coated aluminum liner. Stainless steel floor with coved corners.

# PLAN VIEW

- Insulation entire cabinet structure and drawer facings are foamed-in-place using a high density, polyurethane insulation that has zero ozone depletion potential (ODP) and zero global warming potential (GWP).
- 5" (127 mm) diameter stem castors. 36" (915 mm) work surface height.

#### DRAWERS

- Stainless steel exterior drawer facings and liners. Stainless steel drawer frames.
- Drawer fitted with 12" (305 mm) long recessed handle that is foamed-in-place with a sheet metal interlock to ensure permanent attachment.
- Magnetic drawer gaskets of one piece construction, removable without tools for ease of cleaning.
- Heavy-duty stainless steel drawer slides and rollers. Removable without tools for easy cleaning.
- Each drawer accommodates two<sup>(2)</sup> full size 12"L x 20"W x 8"D (305 mm x 508 mm x 204 mm) food pans (sold separately). Drawer will support varying pan configurations with pan dividers bars (drawer pans and divider bars optional).

#### **MODEL FEATURES**

- Evaporator is epoxy coated to eliminate the potential of corrosion.
- Extra-deep 19½" (496 mm), full length removable cutting board included. Sanitary, high-density, NSF approved white polyethylene provides tough preparation surface.
- Alternate top 13° pan angle. Stainless steel, patented, foam insulated lids keep pan temperatures colder, lock in freshness, and minimize condensation.

- Refrigerated pan rail comes standard with six (<sup>1</sup>/<sub>3</sub>size) 12 <sup>3</sup>/<sub>4</sub>"L x 6 <sup>1</sup>/<sub>4</sub>"W x 6"D (324 mm x 159 mm x 153 mm) NSF approved clear polycarbonate insert pans.
- Front discharge design.
- NSF/ANSI Standard 7 compliant for open food product.

#### ELECTRICAL

 Unit completely pre-wired at factory and ready for final connection to a 115/60/1 phase, 15 amp dedicated outlet. Cord and plug set included.

### **OPTIONAL FEATURES/ACCESSORIES**

Upcharge and lead times may apply.

- 🗋 230 240V / 50 Hz.
- G" (153 mm) standard legs.
- □ 6" (153 mm) seismic/flanged legs.
- □ 4" (102 mm) diameter castors.
- □ 3" (85 mm) diameter castors.
- □ 2<sup>1</sup>/<sub>2</sub>" (64 mm) diameter castors.
- Garnish rack.
- Single overshelf.
- Double overshelf.
- □ 19½" (496 mm) deep,½" (13 mm) thick, composite cutting board.
- Pan dividers.
- Exterior round digital temperature display (factory installed).
