FEATURES

- True Scientific series utilizes the most advanced technologies designed specifically for pharmacy, laboratory, and clinical applications.

- Energy efficient refrigeration system with innovative airflow technology specifically designed to maintain cabinet temperatures between 2°C - 8°C (36°F - 46°F).

- Self-Cleaning condenser technology eliminates the need for cleaning the condensing coil, reduces energy consumption, and helps maintain the tightest temperatures.

- Energy-efficient and environmentally friendly R290 hydrocarbon refrigerant.

- Temperature is measured in a glycol-filled bottle which is displayed on the control to simulate actual product temperature. In the event of a high/low-temperature alarm, door opening, temperature sensor failure or power failure, an alarm will be activated, helping to prevent product loss.

- Built in antimicrobial properties to protect the handle.

- Control has a battery back up feature and is locked at the factory to prevent inadvertent changes to the settings.

STANDARD FEATURES

Refrigeration System
- Refrigeration system specifically designed to maintain cabinet temperatures between 2°C - 8°C (36°F - 46°F).
- Expertly designed airflow system controls temperature uniformity throughout the cabinet within +/- 1°C.
- Self-contained, capillary tube system using environmentally friendly R290 hydrocarbon refrigerant that has zero (0) ozone depletion potential (ODP), & 0.02 global warming potential (GWP).
- Reciprocating hermetic compressor paired with forced air copper tube, aluminum fin condenser.
- Automatic defrost.
- State-of-the-art, electronically communicated evaporator and condensing fan motors. Produces less heat, reduces energy consumption, and provides more efficient airflow.
- Operating conditions: Maximum relative humidity 60% for temperatures from 15°C - 32°C (59°F - 90°F).
- Indoor use only.
- CDC compliant.

Cabinet Construction
- **Exterior** - non-peel or chip white powder coated cold rolled steel; durable and permanent. White aluminum back.
- **Interior** - attractive, white aluminum interior liner with a stainless steel floor.
